

Early Intervention

Early Intervention

when you have special concerns...

- your child may be showing delays in any area of development
- your child has a medical condition which may affect his/her development
- you may need access to **ADDITIONAL** services and supports in Help Me Grow.

Individualized supports include...

- Comprehensive Developmental Evaluation
- Connection to therapeutic services
- Specialized services based on a child's individual needs
- Peer support from a parent who has "been there"
- Assistance in transitioning to school-based or other programs.
