

Newborn Home Visit

Because those first days and weeks after your baby is born can be the most thrilling and the most challenging...

Newborn Home Visits

- Are offered as our way of saying 'Welcome Home' to your new little one!
- Are available to first time Moms, teen Moms and others who request a visit.
- Help bridge the transition from hospital to home.

A Help Me Grow nurse will visit you and your baby to

- Answer any questions you may have about your new baby
- Check the baby's health, growth, feeding and sleeping
- Answer questions and check on mother's health and recovery
- Offer information about child development and family issues
- Help mother connect to community services and supports
- Help mother and baby get off to a great start together
- Bring coupons and gifts from local organizations
